

Testimonials

AVIATOR WIND | Coke County, TX

"Working with Apex was a smooth process and I enjoyed working with everybody. ... As the chief financial officer of the county, you're always looking for revenue. The revenues are going to be quite a good shot to the county's coffers."

–Roy Blair, Retired County Judge

SUGAR CREEK WIND | MULLIGAN SOLAR | Logan County, IL

"I have been a member of the Logan County Board for many years. ... These duties have provided me a window on the conduct of large-scale developers. Apex is in a class of its own! Going all the way back to the Sugar Creek Wind Farm and now through the Mulligan Solar Farm, every member of the Apex team has exceeded my expectations. They tell us what they are going to do, they do what they say they would do, and they follow up with the community when perhaps they no longer need us, but they are not going to forget about us."

–Dr. David Hepler, Logan County Board Member

ISABELLA WIND | Isabella County, MI

"Apex was more willing to meet our terms and come up with what we felt was a better lease. In the lease, we try to protect the land and the landowners as much as try to get a bigger payout for the participants."

–Bob Walton, Farmer and
Wind Energy Steering Committee Member

AZALIA SOLAR | Monroe County, MI

"Apex has been wonderful. They're extremely professional, knowledgeable, and very quick to get back with me and answer my questions. I have no complaints. I feel very comfortable with them. They have been here so much, I feel like they're part of our family."

–Clara Ostrander, Landowner

HERITAGE WIND | Orleans County, NY

"Apex has been a wonderful supporter of our community and a great partner for landowners. We have wind farms in neighboring towns and look forward to welcoming wind energy to our community to lighten the burden of town property taxes."

–Kirk and Alice Mathes, Landowners

Testimonials

Wells County, IN

"I found Apex always to be responsive to my questions and concerns, and to be very transparent in all of their dealings with Wells County Economic Development. Without hesitation, Apex provided the information I requested as I prepared the economic impact analysis for the project in Wells County. I was confident the information and data I received from Apex was based upon commonly accepted industry standards and industry professionals without being filtered through their marketing department."

–Tim Ehlerding, Former Executive Director, Wells County Economic Development

MULLIGAN SOLAR | Logan County, IL

"Apex has helped put Logan County on the map as an environmentally friendly county. We are receiving more applications from homeowners for solar building permits for their roofs and their properties. The excitement is building, and I'm glad I am a part of it."

–Beth Kavelman, Economic Development Director

COLDWATER RIVER SOLAR | Branch County, MI

"All of the Apex team members have been excellent. Any time that I get in touch with them or have questions, they're very straightforward. I never feel like they're holding back. They've been very open and upfront with the community, and I am proud to be affiliated with them."

–Brian Walker, Landowner

CANADIAN HILLS WIND | Canadian County, OK

"Apex folks have been positive and straightforward, and they keep me in the loop and up to date on the operations."

–Keith F. Mueggenborg, Landowner

"We've had a lot of other energy companies work with us. Apex was the most professional and courteous company that has come out here to work with our community so far."

–Patti Hearst, Landowner
